I am not sure if Scott is coming in today. I haven't seen him yet. I will be here today until at least 2 pm EDT.

Thanks, Dan

Scott,

I have been pursuing the issue regarding the Least Tern and the Peabody Francisco Mine site's proposed use of Flat Lake, both with IDEM and internally here in R5.

I would like to hold a brief call with you tomorrow, to convey what we have learned so far and what the Wetlands Branch is pursuing as regards this issue.

Can you let me know what times works for you tomorrow for say at the most a 30 minute call?

I have the staff person in Wetlands, Andrea Schaller, available to relay to you directly this information.

thanks
